Dear Sir/Madam

**RE: GLOBAL GAP - Licensed Nursery - Cornerstone Nursery**

TopFruit (Pty) Ltd is the only license holder in Southern Africa to produce vines under the trademarked grape varieties - Early Sweet™, Ralli Seedless™ and the ARRA™ cultivars.

Plant material from the relevant Breeders for the above varieties is imported into South Africa via the quarantine station and is subject to the rules and regulations placed on all plant material entering South Africa.

This material is not modified or genetically altered in any way.

Dirk le Roux from Cornerstone Nursery in Soetendal, Wellington, is a contracted Nursery for TopFruit (Pty) Ltd that propagates vines for our licensed growers.

All growers are subject to a Growers Agreement which allows them to plant, for commercial production, the grape varieties listed in this letter.

Please feel free to contact me if you have any queries or wish to discuss the above in more detail.

Best Regards,

**Arnold Viljoen**
